A room night is defined by one night paid at Hôtel Le Crystal. The Member must reserve the suite in the Member's name and stay overnight. Only one Member per suite will receive credit for each suite night. Requests to divide or consolidate folios after the stay will not be accepted. Membership benefits apply for the Member only and are not transferable.

Membership statuses are as follows: Crystal Membership is earned after five (5) qualifying room nights; Gold Membership is earned after ten (10) qualifying room nights; Platinum Membership is earned after

twenty five (25) qualifying room nights. Cumulated room nights are calculated only at the end of a stay, and not during a stay.

Qualification for Membership Statuses will be determined based on a 12-month cycle, beginning January 1st of each year.

To determine the Status for the next year, Hôtel Le Crystal will calculate qualifying room nights from January 1st to December 31st. Based on the amount of qualifying room nights, the Status for next year will be confirmed.

Benefits will also be provided on a 12-month schedule. The Member can enjoy its Status benefits for the entire year. At the end of the year, a new calculation of the qualifying room nights will be made and the Status for the next year will be confirmed.

During the year, if your number of qualifying room nights allows you to upgrade your Status, you will get this new Status for the rest of the year.
